
Introduction To C/Side Solution Development in Microsoft Dynamics NAV 5.0	0-1
Welcome	0-1
About the Microsoft Dynamics NAV Development II Course	0-2
Microsoft Dynamics NAV Development Concepts	0-4
Student Objectives	0-5
Chapter 1: Client Requirements	1-1
Objectives	1-1
Introduction	1-1
Diagnosis – Executive Summary	1-2
Analysis – Functional Requirements	1-2
Data Model	1-5
Project Plan	1-6
Conclusion	1-6
Quick Interaction: Lessons Learned	1-7
Chapter 2: Master Tables and Forms	2-1
Objectives	2-1
Introduction	2-1
A Quick Refresher	2-2
Customers and Participants	2-3
Rooms	2-4
Lab 2.1 - Creating Seminar Room Tables and Forms	2-7
Lab 2.2 - Adding Code for Seminar Rooms	2-11
Instructors	2-14
Lab 2.3 - Creating Instructor Tables and Forms	2-15
Seminars	2-16
Lab 2.4 - Creating Seminar Tables and Forms	2-19
Testing	2-25
Conclusion	2-26
Test Your Knowledge – Master Tables and Forms	2-27
Quick Interaction: Lessons Learned	2-29
Chapter 3: Registrations	3-1
Objectives	3-1
Introduction	3-1
Prerequisite Information	3-2
Types of Tables	3-7
Additional Functions	3-9
Solution Analysis	3-11
Solution Design	3-13
Lab 3.1 - Creating the Tables and Forms for Seminar Registration	3-17
Lab 3.2 - Adding Code for Seminar Charges	3-24
Lab 3.3 - Adding Code to the Seminar Registration Header Table and Form	3-27
Lab 3.4 - Adding Code for Seminar Registration Lines	3-32
Testing Seminar Registrations	3-35
Conclusion	3-36

Test Your Knowledge	3-37
Quick Interaction: Lessons Learned	3-38
Chapter 4: Posting	4-1
Objectives.....	4-1
Introduction.....	4-1
Prerequisite Information	4-2
Posting Seminar Registrations	4-17
Lab 4.1 - Creating the Tables and Forms for Seminar Registration Posting	4-26
Lab 4.2 - Creating the Codeunits and Form for Seminar Journal Posting.....	4-31
Lab 4.3 - Modifying the Tables, Forms and Codeunits for Job Posting.....	4-35
Lab 4.4 - Creating the Tables and Forms for Posted Information	4-36
Lab 4.5 - Creating the Codeunits for Document Posting	4-42
Conclusion.....	4-50
Test Your Knowledge	4-51
Quick Interaction: Lessons Learned	4-52
Chapter 5: Integration	5-1
Objectives.....	5-1
Introduction.....	5-1
Prerequisite Information	5-2
Seminar Feature Integration.....	5-3
Lab 5.1 - Integrating Seminar Features.....	5-7
Navigation Integration	5-8
Lab 5.2 – Modifying Objects to Integrate Navigation.....	5-10
Testing Managing Integration	5-11
Conclusion.....	5-11
Test Your Knowledge	5-12
Quick Interaction: Lessons Learned	5-13
Chapter 6: Reporting	6-1
Objectives.....	6-1
Introduction.....	6-1
Prerequisite Information	6-2
Reporting Lab Overview	6-5
Participant List Reporting	6-6
Lab 6.1 - Creating the Participant List Report	6-8
Certificate Confirmation	6-13
Lab 6.2 - Creating the Certificate Confirmation Report	6-14
Invoice Posting	6-16
Lab 6.3 - Creating the Invoice Posting Report.....	6-17
Conclusion.....	6-22
Test Your Knowledge	6-23
Quick Interaction: Lessons Learned	6-24
Chapter 7: Statistics	7-1
Objectives.....	7-1
Introduction.....	7-1
Using FlowFilters and FlowFields.....	7-2
Using FlowFilters in Calculation Formulas	7-2

Lab 7.1 - Creating FlowFields for Sums	7-4
Lab 7.2 - Creating the Seminar Statistics Form.....	7-6
Conclusion.....	7-9
Test Your Knowledge	7-10
Quick Interaction: Lessons Learned	7-11
Chapter 8: Dimensions	8-1
Objectives.....	8-1
Introduction.....	8-1
Dimension Types.....	8-2
Code Walkthrough – Dimension Management Codeunit	8-3
Using Microsoft Dynamics NAV Developer's Toolkit	8-3
Dimensions in Master Tables, Forms, and CodeUnits	8-4
Lab 8.1 - Modifying the DimensionManagement Codeunit.....	8-6
Lab 8.2 - Modifying the Tables and Forms for Dimensions in Master Files.....	8-7
Dimensions in Registration.....	8-9
Lab 8.3 - Modifying the Tables for Dimensions in Seminar Registrations	8-11
Lab 8.4 - Modifying the Forms for Dimensions in Seminar Registrations.....	8-16
Lab 8.5 - Modifying the Tables and Forms for Dimensions in Posted Seminar Registrations	8-18
Dimensions in Seminar Posting.....	8-20
Lab 8.6 – Modifying the Tables, Codeunits and Forms for Dimensions in Seminar Posting	8-22
Dimensions in Invoicing.....	8-27
Lab 8.7 - Modifying the Create Seminar Invoices Report for Dimensions.....	8-28
Testing.....	8-29
Conclusion.....	8-29
Test Your Knowledge – Dimensions	8-30
Quick Interaction: Lessons Learned	8-31
Chapter 9: Interfaces	9-1
Objectives.....	9-1
Introduction.....	9-1
Using an Automation Server	9-2
Using Custom (or OCX) Controls	9-2
XMLPort Triggers	9-3
File Handling	9-3
E-mail Confirmation	9-5
Lab 9.1 - Creating E-mail Confirmations	9-8
XML Participant List	9-10
Lab 9.2 - Creating the XML Sem. Reg.-Participant List.....	9-11
Conclusion.....	9-13
Test Your Knowledge - Interfaces	9-14
Quick Interaction: Lessons Learned	9-15
Chapter 10: Deployment	10-1
Objectives.....	10-1
Introduction.....	10-1
Deployment Tasks.....	10-2
Lab 10.1 - Creating Contact Dataport	10-4

Ongoing Support Phase	10-5
Conclusion.....	10-20
Quick Interaction: Lessons Learned	10-21
Chapter 11: Optimizing SQL Server	11-1
Objectives.....	11-1
Introduction.....	11-1
Microsoft Dynamics NAV Database Server.....	11-2
SQL Server.....	11-2
Representation of Microsoft Dynamics NAV Tables and Indexes in SQL Server.....	11-4
Collation Options	11-5
Windows Locale	11-6
Collation Description	11-6
SQL Server Replication	11-6
Microsoft Dynamics NAV Database Replication.....	11-8
Backup Options	11-8
SQL Server Query Optimizer.....	11-11
Optimizing a Microsoft Dynamics NAV Application	11-15
Overview of NDBCS	11-22
Optimization of Cursors	11-24
Locking, Blocking, and Deadlocks.....	11-30
How SIFT Data is Stored in SQL Server	11-35
Conclusion.....	11-37
Quick Interaction: Lessons Learned	11-38
Appendix A: Additional Exercises	A-1
Objectives.....	A-1
Introduction.....	A-1
Adding Seminar Translations	A-2
Adding Multiple Dimensions	A-4
Seminar Planning	A-5
Conclusion.....	A-13
Appendix B: Sample Reports	B-1
Sample Participant List.....	B-1
Sample Certificate Confirmation.....	B-2
Appendix C: USING C/FRONT	C-1
Introduction.....	C-1
Using C/FRONT	C-2
Two Interfaces – DLL and OCX.....	C-2
Accessing Data From the Database Using C/FRONT in Visual Basic	C-5
Writing Data Back to the Database Using C/FRONT in Microsoft Excel	C-10
Limitations of C/FRONT	C-10
Appendix D: Review Questions	D-1
Review Questions	D-1

Appendix E: Answers to Review Questions	E-1
Answers to Review Questions.....	E-1
Index	i
